Speaker: Not included

Light: Not included

System: 240Mhz CPU / 8KB RAM / 4MB Flash

Universal Power Supply: 110-240V AC (50-60 hz) to 5V1A

Receiver: 2401 Mhz

Wireless tilt sensor

Transmitter: 2401 Mhz

Type: Gravity sensor

Temperature indicator: Included

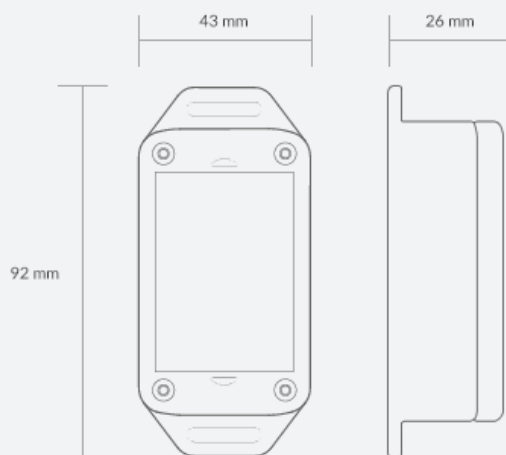

Range: 15m (50ft)

Operating temperature: -25°C / 70°C

Batteries: 2x Type-N (1.5V)

Life span: 12 - 18 Months

Waterproof: Yes

ismartgate mini Tech Specs

Wireless magnetic sensor

Transmitter: 2401Mhz

Type: Magnet sensor

Temperature indicator: Included

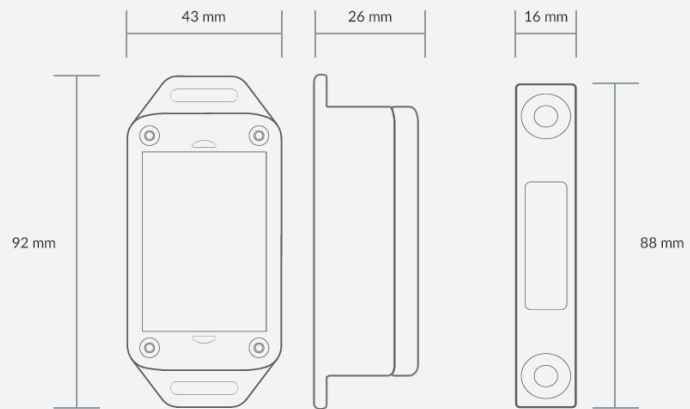

Range: 15m (50ft)

Operating temperature: -25°C / 70°C

Batteries: 2x Type-N (1.5V)

Life span: 12 - 18 Months

Waterproof: Yes

Wired magnetic sensor

Output: NC (Normally Closed)

Usable Wire: 24# AWG with 2 wires

Material: ABS

Contact Life: 1x 108 times

Waterproof: Yes

Max. Contact rating: 10W

Max. Carrying Current: 1.0 A

Operating Temperature: -20°C / 80°C
